No: D.6285/43 dt. 24.3.43 of the Dy. P. Ina & Com: calling for the applications of the officials referred to above.

Letter No: 231/h/27: 5.43 from the Stamp Officer forwarding the applications.

In connection with the opening of Dyeing Shops in Textile Depots, the services of the Mechanical Foreman, Mr. S.S. Sai Ram & Boiler Attendant R. Duraiswamy of the S.K.S.J.I. Institute are being utilised on account of inadequacy of the existing staff. Both the officials have also been working also on Sundays & holidays. An allowance of Rs 15 each p.m. for this extra work of the officials is recommended as it is considered that this is more economical than employing a separate staff for the work.

3) The proposal is for orders. H: Secy: may be consulted.

The services of Mr H.S. Sri Ram, Mechanical Foreman & R. Doraswamy Boiler Attender on the staff of the S.G.I. Institute getting a pay of Rs 45 & 26 respy. are being utilized for getting through the work of the Dye house, in view of the fact that the staff sanctioned for the Dye House is inadequate. As the officials have to work overtime, an allowance of Rs 15/- p.m. each is recommended to be given to them. An allowance of Rs 10/- each may be sanctioned as a special case in consultation with the Finl Secy.

Sir,

Subject:--Allowances to ~~Chemical~~ Mechanical Staff of the Sri Krishnarajendra Silver Jubilee Technological Institute for work connected with the Government Dye-House.

******

I have the honour to state that the staff of the Dye-House consists of only one dyeing Supervisor on Rs.45 and one Store-Clerk on Rs.35 as per G.O.No.D.5370-4/I&C.357-41 dated 23rd February 1942. The principal, Sri Krishnarajendra Silver Jubilee Technological Institute reports that on account of the inadequacy of this staff, he is compelled to make use of the services of some of the Institute Staff viz., the Mechanical Foreman Mr.H.S.SriRam and Boiler Attender, R. Doraswamy in connection with the work of the Dye-House and requests that they may be granted an allowance of Rs.15 each for this extra work. I enclose herein* for favour of information of Government a copy of the letter No.1125 dated 20/22nd February 1943 received from the Principal and the applications in original submitted by the two Officials.

2. In view of the fact that the arrangements now made by the Principal by utilising the services of some of the Institute Staff for getting through the work of the Dye-House are more economical than appointment of separate staff for the purpose and considering the extra work connected with the Dye-House done by the above two officials, I recommend that the proposal of the Principal to grant part-time allowances of Rs.15 each to them may kindly be sanctioned.

Re: Allowances to Boiler Attendant.

I have the honour to invite kind reference to G.O.No.D.5370-4/I & C 357-41 of 23-2-1942 according to which the work of dyeing yarn for supplies to yarn depots under Department of Industries and Commerce was sanctioned by Government. The Director of Industries & Commerce in his letter to Government did not unfortunately include all the particulars of expenses involved but had referred to a scheme sanctioned by Government in their Order No.D.609-20/I & C. 381-40-41 of 1-8-1941. When I pointed out to him the particulars in which the expenditure had to be modified on account of the scheme being worked by utilising the services of the staff of this Institute he deferred the consideration of the same till a start was made at this Institute.

2. The Dyehouse work is now continuously in progress for over 3 months and more than 10,000 lbs. of yarn have already been dyed for the various yarn depots and most of them have been delivered. The Director of Industries and Commerce has appointed a Store-Keeper and dyeing Supervisor and posted them for work under me and has authorised me to enagage the rest of the labour necessary in that connection on suitable wages. While this arrangement is satisfactory as far as the full time workers are concerned it has been found quite necessary to indent upon the services of some of he full time staff of my institute for work in the dye house. It is neither convenient nor economical to employ a full time separate man in some cases. For instance, the --- Electrical Boiler is utilised to generate steam for the processing of yarn. The steam & water pipes, vats and other equipment have to be serviced and kept in good working condition and the repairs etc., have to be promptly attended to. As the same equipment is utilised for my Institute work also, the responsibility for the upkeep of all machinery and applicances including the electric boiler, pump etc., is that of the mechanical foreman and the boiler attender. Since the dye house work was commenced both of them have to work in the workshop of the -- Institute for the usual factory hours whereas heir normal working -- hours are the Institute working hours of 6 hours a day. In addition they are called upon to work even on Institute holidays and Saturday afternoons on account of the dye house working on a 25 day per month working basis. Now that the Institute closes for summer vacation -- they must be specially detained during vacation and drafted on to the dye house work. As the nature of work and service required is both of a nature calling for a high degree of proficiency both in mehanical engineering side as well as on electrical side one man cannot serve the purpose, apart from the high pay that may have to be paid for such a man. I, therefore, propose that you may kindly sanction a part-time allowance of Rs.15 per mensem to my mechanical foreman, Mr.Sri Ram, Weaver by Caste and an allowance of Rs.15 per mensem to Doraswamy, -- Satani by caste. While the nature of work of Sri Ram is one more of direction the work of Doraswamy is more of actual execution of the work though both have to work side by side. I have, therefore, proposed that their allowances may be equal, i.e. Rs.15 each in spite of their pay being Rs.45 and Rs.25 respectively.

They have both shouldered heavy responsibilities and have willingly worked on holidays and for longer hours each day ever since October 1942. They richly deserve the extra allowances now proposed by me. I have elaborated to show that it is not possible to manage without their service and how it is uneconomical to make any other -- appointment of a whole-time man. I recommend that their applications for allowances be favourably disposed of.

Respected Sir,

I the undersigned beg to Submit this application for your Kind Consideratio

I beg to state, that I have been ordered to attend the dye-house duties, in addition to the Institute duties. for the past four months, I am attending the dye-house every day from 8.30 A.M to 5.30 P.M, including holidays and partial holidays Hither-to I am not given any allowance.

I wish to bring to your Kind notice, that I have erected the dye-house hydro-extractor its motor, vatts and their fittings and Water tanks. As I have to work every day for 8 hours and on holidays and partial holidays, I request you to Kindly grant me some allowance from the dye-house department.

I hope that my humble request will be favourably considered.

To

The Principal,
Sri Krishnarajendra Silver

BANGALORE.

Respected Sir,

I beg to submit that with the starting of the Dye House under your control, I was placed in additional duties of attending to work from 8-30 A.M. to 5-30 P.M. on all working days of the Dye House, thus necessitating my attendance beyond the working hours of the Institute and on many holidays of the Institute also. As you are well aware, I am working on an - electrode boiler and am entirely responsible for - supply of steam to the Dyeing Section. In addition, I am attending to all repairs and fittings of the Dye House also.

Further at the time of starting of the Dye House, I was entrusted with the preparation of beds for erection of machinery, fitting of pipes, and later on with the machinery erection also. During this period, I had to work over-time, including Sundays and holidays, in addition to my usual work.

I was fondly hoping that, in recognition of my extra services, I would be suitably recompensed. But since sofar nothing has been done, and as it is - very difficult nowadays to carry on in a costly place like Bangalore with my present small pay, I have ventured to request you kindly to sanction me a suitable allowance for the extra duties entrusted to me, from the date the Dye House was started.

I beg to remain,
Respected Sir,
Your most obedient servant,
